

AhIn – Revolutionizing Parcel Delivery with Next-Gen Tech

It's finally here! Welcome to the future of parcel delivery with **AhIn** – a groundbreaking smart delivery box by Dub Dev Technologies.

AhIn is not just a delivery box; it's a revolution in how you receive packages. Designed to seamlessly integrate into your home or office, AhIn combines cutting-edge technology with sleek design to offer a new level of convenience, security, and efficiency.

Autonomous Operation

It Works, Even While You Rest! Say goodbye to missed deliveries and constant monitoring. AhIn operates autonomously, reducing the need for physical presence and allowing you to customize delivery schedules to fit your lifestyle.

Elegant & Durable Design

Sleek Style Meets Unmatched Durability! With its sleek, modern aesthetic, AhIn blends effortlessly into any environment. Available in a variety of colors, it's crafted from high-grade metals for superior durability and weather resistance (IP65 rated).

User-Friendly Mobile App

Control at Your Fingertips, Convenience at its Best!

Manage your AhIn delivery box from anywhere with our intuitive mobile app. Key features include:

- **Device Management:** Control multiple AhIn devices, assign them, and transfer ownership with ease.
- **Family Sharing:** Share device access with family members for added convenience.
- **Security Settings:** Enhance security with 2FA, OTP settings, and customizable pin options.
- **Ownership Transfer:** Seamlessly transfer ownership between users.
- **Notifications & Alerts:** Stay informed with real-time notifications about deliveries, device status, and security incidents.

Advanced Security Features

Top-Tier Protection for Peace of Mind! AhIn includes comprehensive anti-theft measures, such as secure cloud storage of logs and video footage of theft incidents. Real-time video surveillance and playback ensure you never miss a detail.

Comprehensive Parcel Tracking

Track, Receive, and Manage with Ease! Input your tracking number and enjoy contactless delivery from major carriers like Amazon and Talabat. View and manage delivered packages effortlessly.

Device Health Monitoring

Stay Ahead with Real-Time Device Health Alerts!

Keep your Ahln in top condition with smart health monitoring and alerts for any faults or issues.

Live Chat Support

Instant Assistance for a Smooth Experience!

Get real-time assistance and support directly through our app.

Analytics & Reports

Insightful Data for Smart Management!

Gain insights with detailed reports on deliveries, device usage, and user activities.

Flexible Scheduling

Tailored Delivery Windows Just for You! Schedule specific delivery times or windows to ensure your packages arrive exactly when you need them.

Offline Mode

Reliable Functionality, Even Without Connectivity!

Basic functionality is maintained even when internet connectivity is limited.

Guest Support

Share the Convenience with Your Guests!

Add guests to your delivery box for added flexibility and convenience.

With Ahln, experience a new standard in parcel delivery – one that's secure, efficient, and tailored to your needs.

Embrace the future of smart delivery today with Ahln, and never worry about missing a package again!
